Austen Steels Limited

Austen Steels is a name to reckon with in steel trading sector. Austen Steels is an international Steel Trading Company, which is active around the world in Ferrous products such as finished and semi-finished steel products. Austen Steels is a privately owned company, run by a family of seasoned steel industry veterans and now the fourth generation is charting the growth of the business. Our passion for steel is reflected in our approach to deliver value to our customers. World-class management team and steel industry experts ensure that the company operations are efficient and professional in nature. We build relationships based on trust, which mirrors in the long term business with our customers and suppliers. Our office locations spanning 3 continents and 5 countries around the world enables us to establish a direct presence in many markets across the world. We are a process driven company and make sure every process is customized, keeping in mind the best of interest of our customers.

Competitive Edge & Expertise

We play a key role in the steel industry, acting as a trading intermediary and making sure that we deliver competitive advantage to both producers and buyers of steel that we serve. Austen Steels imports and exports all qualities, shapes, and sizes of steel from different steel hubs around the world and is committed to providing customers the best quality steel at very competitive prices and as per their processing needs. The company buys steel in bulk quantities at a very competitive pricing directly from the steel mills, steel service centres and wholesale steel supply companies and sells to the steel end users and traders across the world. We pride ourselves in our ability and expertise to respond quickly and flexibly to our customers' steel requirements. We provide a reliable framework for transactions and ensure consistency for both our suppliers as well as our customers.

Being part of the Industrial Growth

Austen Steels looks forward to the task of keeping pace with ever-increasing industrial development with a great sense of optimism. Proud of the past and preparing to meet the challenges of the future with confidence, the company is on the path of growth.

Our customers have varied and ever growing requirements of steel, hence we deal in all specifications of steel products. We serve the steel raw material needs of Automotive Industry, Oil and Gas Sector, Engineering Goods Industry, Construction sector and Food & Beverage Packaging Industry.

Diverse Range of Products

We deal in all types of Ferrous Products. We buy and sell Semi-Finished Products, Flat Steel Products, Long Steel Products, Tubular Steel Products, Stainless Steel, Engineering Steels and all types of Steel Scrap.

We buy and sell steels in all forms and shapes like Coils, Sheets, Scrolled, Strips, Plates, Lithographed sheets, Misprints, Circles and Processing Rejected material. We buy Prime, Prime Excess and Non-Prime grades of steel. We ensure timely delivery of material and align the supply of raw material directly through the producers of steel to end-users in order to make sure we meet quality requirements of the end users.

PRODUCT PORTFOLIO

Flat Steel Products

- Hot Rolled (HR)
- Cold Rolled (CR)
- Electrolytic Tinplate (ETP)
- Tinfree Steel (TFS)
- Tin Mill Black Plate (TMBP)
- Galvanized Steel (GI)
- Galvalume (GL)
- Prepainted / Color Coated Steel (PPGI)

Long Steel Products

- Reinforcing Bar
- Structural Steel
- Merchant Bar
- Wire Rods
- Wire Ropes
- Bright Bars

Stainless Steel

- Stainless Steel – All Grades
- Duplex Stainless Steel
- Surgical Stainless Steel

Special Purpose Steels

- Electrical Steel
- Automotive Steel
- Engineering Steel
- Alloy Steel
- Tool Steel

Semi-Finished Products

- Ingots
- Slabs
- Billets
- Blooms

Tubular Products

- Seamless Tubes & Pipes
- Welded Tubes & Pipes

Steel Scrap

- Heavy Melting Scrap – HMS I & 2
- Low Melting Scrap (LMS)
- Shredded Scrap
